Mr. George A. Carver, Jr. Special Assistant for Vietnamese Affairs Central Intelligence Agency Washington, D.C.

Dear Mr. Carver:

On December 2 and 3 the General Electric Company will conduct a Seminar on Federal Government Policy for some twenty-five of its top management from across the country. During the past several years our Washington Corporate Affairs office has held a series of seminars and briefings by various representatives from the Executive, Legislative, and Judicial branches of the Federal government. The purpose of these meetings is to give General Electric executives a more intimate knowledge of government processes, public policy and issues, and business-government relations. This year we will concentrate on international affairs and social policy problems.

We would be delighted if you could take time from your busy schedule to address the group at 4:15 PM on Monday, December 2. The group will meet in the Esplanad Room of the Hotel America, which is located at Thomas Circle.

May I suggest that you give some thought to a thirty minute informal, off-the-record, no-attribution talk on "Vietnam: A Status Report". If it is agreeable with you, may we follow your talk with a question and answer period.

I do hope you can be with us.

Sincerely,

Minus) le Manus
